

CNC Lathe Machinist Wanted!

Kaney Aerospace - a veteran owned, energetic, dynamic aerospace manufacturing company located in Rockford, Illinois, seeks a CNC Lathe Machinist to join our team.

Required abilities / responsibilities include:

- Build to print via planning, off-line programming, setup, and operation of Haas CNC lathes with and without live tooling - which includes creating required holding fixtures and ordering tooling as needed.
- Advanced blueprint / GD&T interpretation skills.
- Inspection using variety of gauging including CMM.
- Ability to program and setup CNC mills is a plus.

Qualified candidate will possess / demonstrate:

- Five plus years of experience in a job shop environment.
- The ability to thrive in a fast-paced environment with accuracy and attention to detail.
- Excellent problem solving, analytical, and decision-making skills, with the ability to manage and prioritize multiple tasks.
- Strong organizational and communication skills.
- Excellent attendance and teaming ability.

Benefits include:

- Environmentally controlled shop.
- Paid holidays and vacation accrual.
- Health coverage.
- 401k retirement savings plan.

This is a 1st shift opportunity. Compensation is commensurate with qualifications and experience.
